Get to know the talented composer Stefan Rimkus Over the past few months, we've been profiling some of the film's fantastic main songwriters, and today, we're continuing that series with some of the film's more high-profile and talented composers... Let's meet Stefan Rimkus. Last week we featured Composer/Sound Designer Alwyn Law, who helped bring to life the film's extraordinary soundtrack. I even made a special arrangement for this single, which I used in the film as the theme for a pub in the heartland area. All this while, the second CD Single, 'Lovers Like Us' was also released, allowing the public to check it out on the recording album. These were two belated singles, played throughout the film by the band 'Noah's Ark'. During this time, I decided to bring to**
