Nistor Nistor2019-03-19 15:48:272019-03-19 15:48:27Canicon Vergence Recap What makes some companies successful? When I look back at all the different companies and startups I've been part of, I'm always humbled by the challenges that they have faced and achieved. There are some companies that have succeeded in the face of the following challenges: A slow go-to-market with limited consumer awareness. An inefficient sales process. Limited marketing budget. Poor technology integration. Today, digital is increasingly present in our everyday lives. Whether we're searching online for products, viewing videos of our favourite brands, or watching music videos, millions of consumers are accessing digital content on a daily basis. However, while the digital consumption trends are changing, the retail processes have not. With that in mind, it is the experiences rather than the products that will help consumers choose brands and drive the future of retail. How is direct-to-consumer marketing different today? What
